

# Beauty Within

## Eyelash Extension After Care

- Within the first 2 hours do not allow any water to contact the eyelids.
- First 24 hours - Do not wash eyes or lash extension with hot water or steam the face, avoid saunas and swimming.
- Use water proof mascara as oil based mascaras may damage the bond.
- Use only oil free products to remove mascara.
- Do not perm Hollywood lashes.
- Do not tint over bonded area (only root area).
- Rubbing eyes may pull out lashes with extensions attached.
- Do not use heated curlers on bonded area (tip only).

**Please treat your new Hollywood lashes with care, just as you would hair extensions.**

**Your natural lashes will shed naturally taking extensions with them.**

**Arrange regular infill treatments to keep that full lash look.**
